EXAMINATION HELD JANUARY 8

Prepared by the State Superintendent of Public Instruction to Test the Mental Qualifications of Those Who Seek Positions as Teachers In the Public Schools.

Following is the list of questions as prepared under direction of the state superintendent of public instruction and submitted at the county examination for teachers Jan. 8 want that little paper from my old for elementary school certificates:

ARITHMETIC.

1. Explain as to a class, why the decimal point is so placed in the product, when multiplying decimals.

2. What is the exact length of the solar year? What years are leap years?

3. Is there any difference in cu. in, between the dry quart and the liquid quart? If your answer is in the affirmative, state the difference,—if in the negle greets you with these words: "By ative, give reasons for answer.

George, 4. A man walks 5/12 of a mile. Express in integers of rds., ft., in. Show

the outline which you would have the pupils follow in this reduction. . A rectangular field is 10 rds. long 4 rds. wide. A horse is tied to a stake in one corner by a rope 66 ft. long. Express to 3 decimals the portion of the field the horse may graze upon.

6. Show the difference, if any, in the cash price of a bill of goods for \$960 at 121/2 and 8 per cent discount, and at 201/2 per cent straight discount 7. A square field contained 1014014 sq. rds. Required the length of its diag-

8. Required the total interest due on \$1200.00 @ 5% for 3 yr. 9 mo. 20 days, payable annually.

AGRICULTURE. 1. Describe the corn seed tester, and explain how the results of the test should be used. 2. What is silage? What are the

as silage! 3. How should potatoes be prepared for planting? When should they be planted, how thick, at what depth? What are some of the varieties that do best in this State? What source of seed potatoes is best? 4. What are the principal elements in the soil, and which of them are most important for agriculture?

5. What are some of the peculiarities of strawberry culture? 6. What are the principal points in which a cow of the dairy type differs from one of the beef type? Name some good breeds of each type. 7. Explain how a soil holds moisture. How can you show to a class the difference between different kinds of soil in

8. For what purposes are trees sprayed? When should apple trees be sprayed to accomplish these purposes?

1. What was the beginning of steel rmored vessels in our navy? Who was ne inventor? 2. How and when did Porto Rico come into possession of the U. S.? 3. What were the Alabama Claims? How and when settled? 4. Write upon the theme, "Sherman's March to the Sea."

5. Name the leading political parties 6. What and where was:-Ft. Duquesne, Ticonderoga, Acadia, Mason and Dixon's Line, Mt. Vernon, The Hermitage, West Point?

7. When and where was the first settlement in Ohio? In U. S.? 8. How many amendments to the Constitution? What is the general contents of the last two?

THEORY AND PRACTICE. (Take two of the groups below entire.) Group A. (Based on Parker's The History of Modern Elementary Edu-

1. How was time wasted in the colonial elementary schools? 2. What was characteristic of the Lancaster-Bell system? Give at least four of the six good points in the sys-

3. Name the men who in each of several fields of thought had most to do with developing the scientific method. What is the scientific method? 4. Give several valuable ideas of either Comenius or Locke. (Express clearly so that the idea can be identi-

fied.) Group B. (Based on Morehouse's The Discipline of the School.) 1. What are the four great principles of social relationship that form the foundation of school government? 2. What are some of the things said of the doctrine of interest? 3. What are some of the abilities

which should result from the disciplinary prescription for conduct? 4. How can the teacher form in her own mind the ideal of good school con-duct which is necessary? Froup C. (Based on no particular text.) 1. Outline your principal aims in eaching some particular subject.

2. What use can you make of pictures either text-book, card, magazine or black-board) in your teaching 3. What can you do to teach pupils to eir leisure hours profitably? 4. Of what does loyalty on the part of a teacher consist?

GEOGRAPHY. 1. What would be about the shortest

practicable route from your city or county to the Rio Grande border of Mexico? 2. What regions of the United States have an annual rainfall of above 60 inches? What is the approximate Ohio rainfall? Whence do most of our rain-3. Where in the United States is pe-

troleum produced in large quantities? How is it usually transported? What are four of the products into which it is

had been used as a meal ticket in various first class restaurants during 4. What are the chief agractions in natural scenery in the United States? (State what is to be seen in places Supply with me" said Callahan. "Whe

5. Give statistics regarding Ireland—
fts size, population, industries, cities.
What is its form of government?

6. Give several important facts about failed."

This size eating, I would throw one on the plate, call the proprietor, look at him disgustedly and walk out, without settling the bill. It never failed." 6. Give several important tacts about each of the following: Rome, Constantinople, Buenos Aires, Philadelphia, the woman who never drank water, is dead at 107 years of age near Flor-She confined her drinking to lowing canals important: Suez, Pan-ama, Sault Ste. Marie, Welland, Erie? the taste of water 8. What are the sources of the world's supply of each of the following: cocoanuts, quinine, olive oil, paper pulp, ivory, platinum, tin, coffee?

PHYSIOLOGY.

1. Of what value is the nitrogen of the air? Explain the advantages of deep breathing and of out-of-door air 2. What is meant by reflex action? Of what value is it in our lives? 3. What bodies are there in the blood and what are their functions? 4. What effects has the use of intoxicants upon (a) tuberculosis, (b) pneudied. Only \$240 could be found, un-

til it was discovered he had swallow-5. What digestion takes place ed a ten dollar gold piece while destomach? How much time should the lirious. The money was taken from stomach digestion occupy? What organs his stomach and disposed of accordcontribute to the intestinal digestion? ing to his will. 6. Describe the structure and attachment of muscles.

7. How does knowledge of a scratch on the hand reach the brain? Would knowledge of an injury to an internal organ locate so accurately the place and nature of the hurt? Does the brain control the processes of the internal or-8. Give some rules for the proper care

1. What studying or practicing do you do to make yourself a capable teacher of writing? 2. Discuss the question of shading.
3. Give the heading and closing of a letter in your best style of writing and

4-8. Copy as specimen of your pen Beside the sandal-tree a woodman mile south and one mile and a half

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets-the substitute for calomel—are a mild but sure laxa-tive, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after efforts. They don't injure the teeth like strong

wine, and declared she did not know the taste of water.

Paris, France—A young woman of Paris recently married a dead man. Since the war, marriage by proxy has become the custom. Nov. 17 the young woman was married by proxy to Sergeant Joseph Conduche. On Dec. 1, she was informed officially that Sergeant Conduche had been killed at Souchez on September 28. The woman will get a widow's pension.

that a real remedy for catarrh was
known.

Hyomei is an oil and its air is
breathed through a small inhaler furnished with it for a few minutes
four times a day, and during that
it me every particle of this Hyomeiladen air taken into the air passages
and lungs is impregnated with a
powerful germ killing and health-giving antiseptic.

Sprays and lotions often cause disorders of the respiratory tracts or
bring on some other diseases and
never make a permanent cure of
catarrh. But when the air of Hyomei
penetrates to the immost air cells of
the lungs and enters the blood with
the oxygen it not only kills the germs
in the throat and nose, but kills the
bacilli in the blood, freeing the mucous membranes from poisonous microbes and giving perfect health.

A complete outfit is inexpensive and
includes an inhaler, dropper and sufficient Hyomei for several weeks
treatment.

Read & Wager have so much faith
in the merit of Hyomei that they

SCOTT MCARTHUR & KATE GEYER. By Mulholland and Hartmann, their at orneys.

VALENTINE THEATRE. George Arliss, at the request of the Valentine Theatre management, has agreed to add a matinee to his original fraud, the record for 1914 being 74 one night engagement at the Valenand the highest previous record, made by Fire Marshal Zuber, 84. trons will thus have an opportunity of seing Mr. Arliss in his latest success "Paganini" without the inconvenience of night travel. gagement is regarded by the management as perhaps the most important dramatic offering of this season. Mr. Arliss and his Chicago company come direct from an extended engagement in Chicago. "Paganini" deals with the love romance of the greatest musician of that name, whose remarkable and eccentric personality made him the talk of Europe in the early part of the last century. The role of Paganinis is said to make greatest demand on the artistry of Mr. Arliss, and to furnish him with a characterization. at once humorous, eccentric, and original. The period of the play, 1830 gives opportunity for quaintness and beau-ty of costuming, to whirh Klaw & Erlanger and George Tyler, the prodheers, have given elaborate care and lavis expenditure. "Paganini" is the work of Edward Knoblauch, author of "Marie Odile", "Kismet" and etc., and is being played simultaneous'v in America by George Arliss and in Lon-

don by H. B. Irving. DON'T MISS THIS. Cut out this slip, enclose with five cents to Foley & Co., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup, Foley Kid-ney Pills, and Foley Cathartic Tablets. Fink & Haumesser

That Leaky Faucet
